STIMULATING SPACES

The Hospitality Space

STIMULATING SPACES

Rather than being seen as a furniture dealer or a distributor, our relationships rely on becoming an integrated partner. We supply the perfect products, at wholesale prices, across the commercial office, education, hospitality, and healthcare sectors. Plus, our complimentary after-care service keeps them looking new for years to come.

WHAT WE DO

We create spaces that are aesthetically pleasing, stimulate the senses, and enhance human experience. Our clients care about their people, so we help them show it through stand-out pieces that promote comfort and efficiency in a wellness-focused environment. Depending on the job, we plan, render, supply, manage, deliver, and install, reinforcing our role as an integral part of the client's real estate team.

OUR BRANDS

With our philosophy of zero compromise on quality, we have teamed up with renowned global brands leading the way in aesthetics, ergonomics, and sustainability. This puts us in a unique position to offer the best of both worlds – quality products coupled with purposeful solutions built around them.

The image shows a bright, modern interior space, likely a lounge or cafe. It features large, curved windows that offer a view of a landscape with trees. The ceiling is made of large, light-colored concrete panels. A prominent, thick, light-colored concrete pillar stands in the foreground. Several small, round tables are arranged throughout the space, each accompanied by modern, light-colored chairs with wooden legs. The floor is a smooth, dark grey material. The overall aesthetic is minimalist and contemporary.

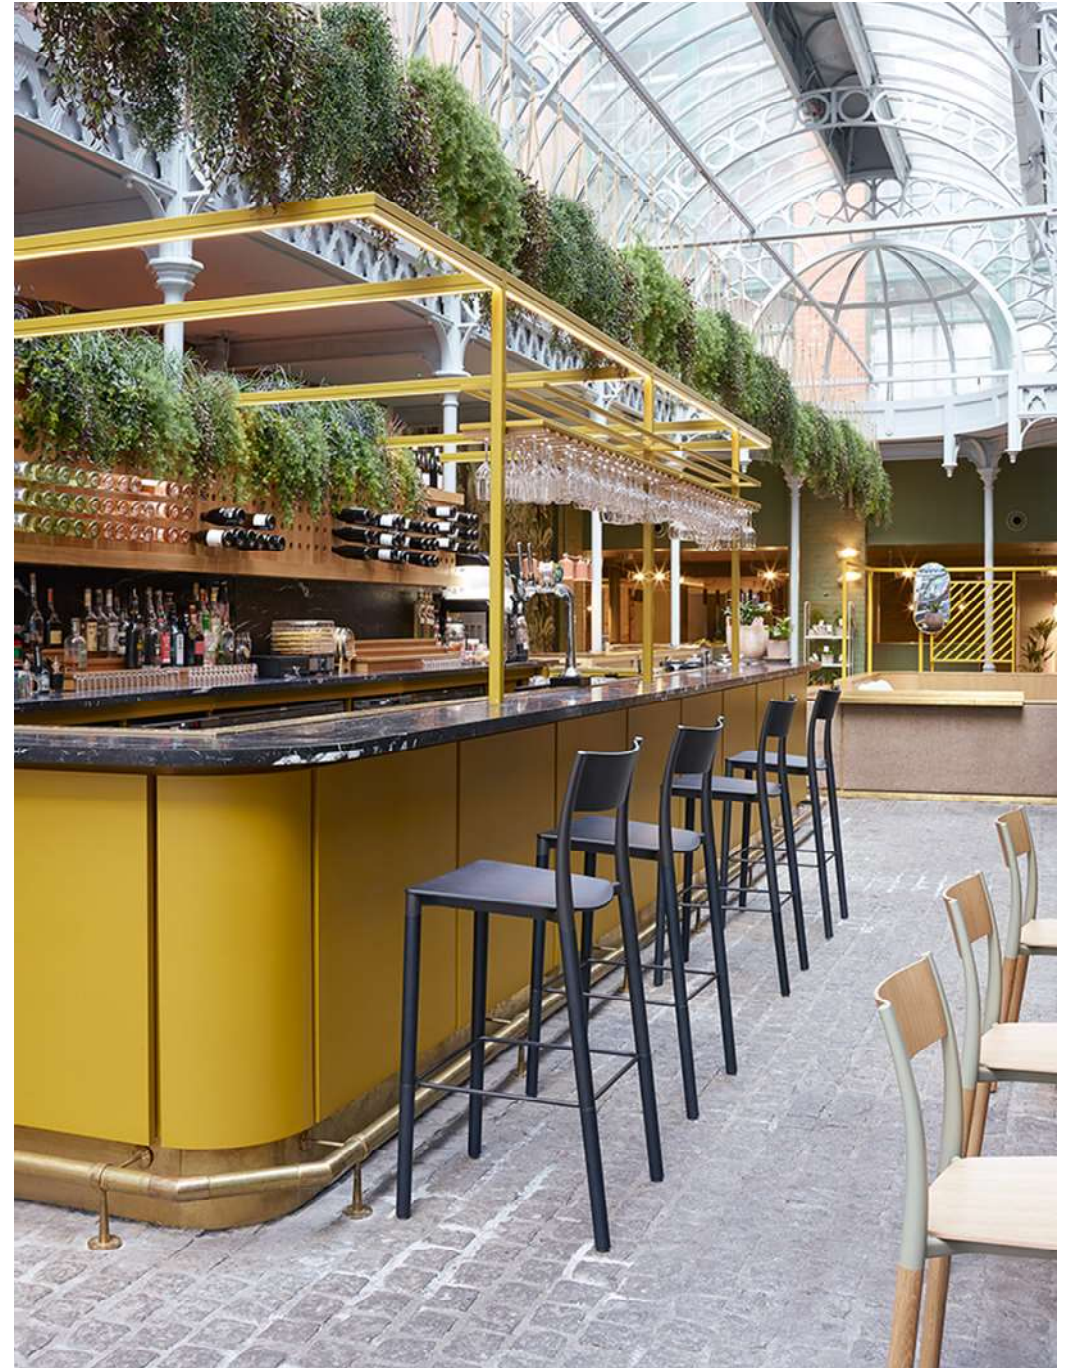

PREMIUM COLLECTION

Standout pieces showcasing craftsmanship & contemporary design

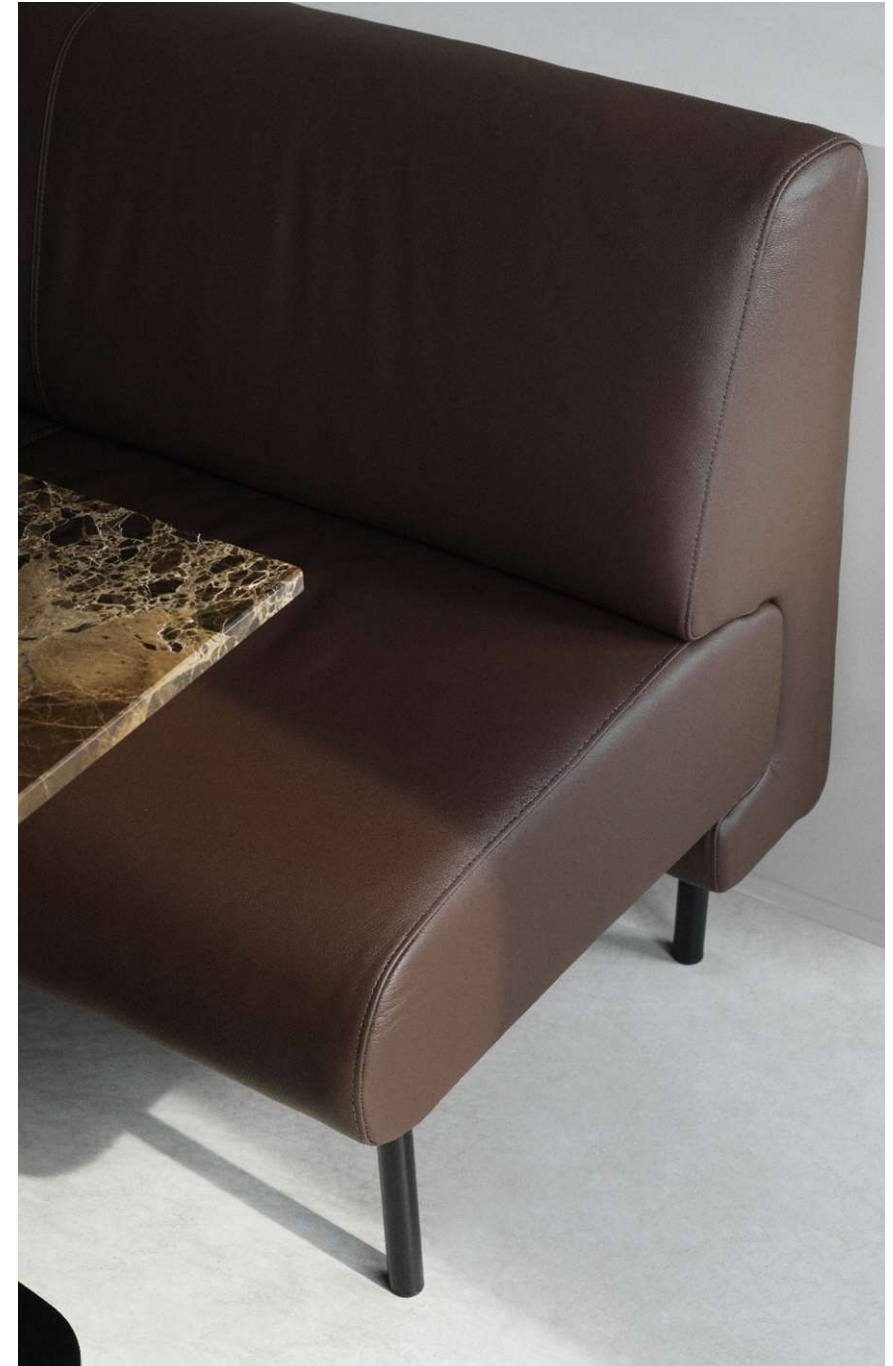

A modern dining area with round tables, ergonomic chairs, and large windows overlooking a city. The space is bright and airy, with light-colored walls and floors. A large potted plant adds a touch of greenery. The text "MID RANGE COLLECTION" is overlaid on the left side of the image.

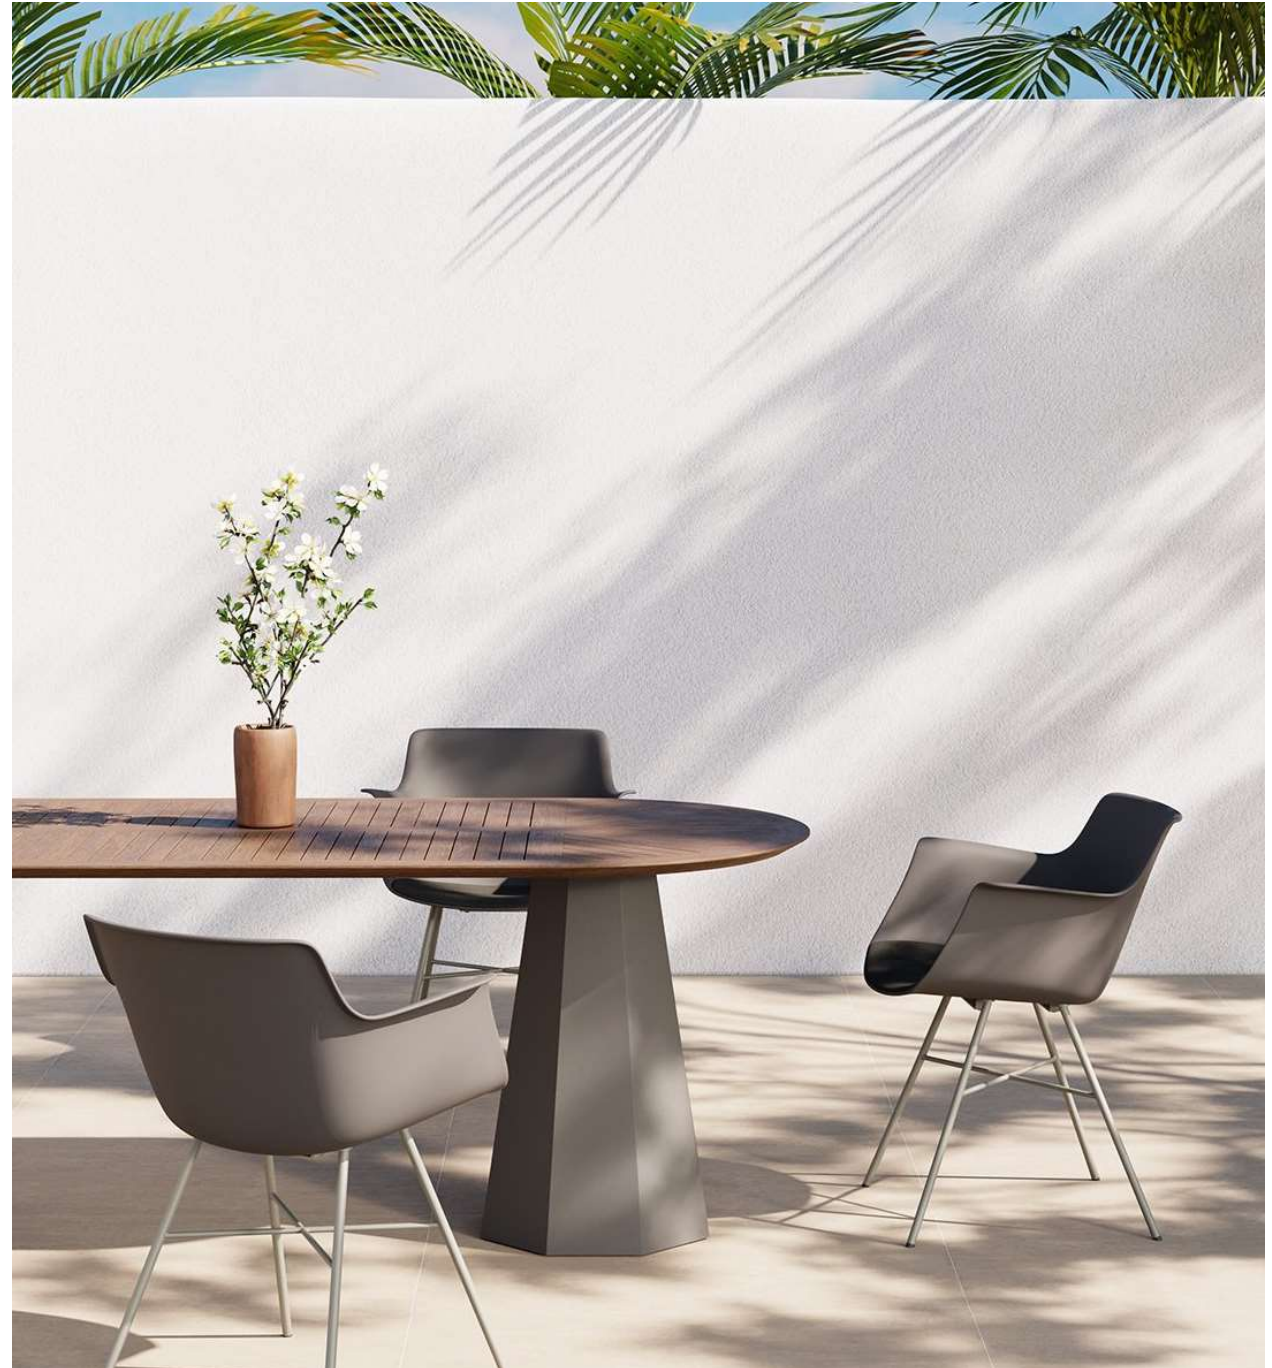

MID RANGE COLLECTION

A balance of modern design and ergonomic comfort, captured in spaces made for connection, style, and ease

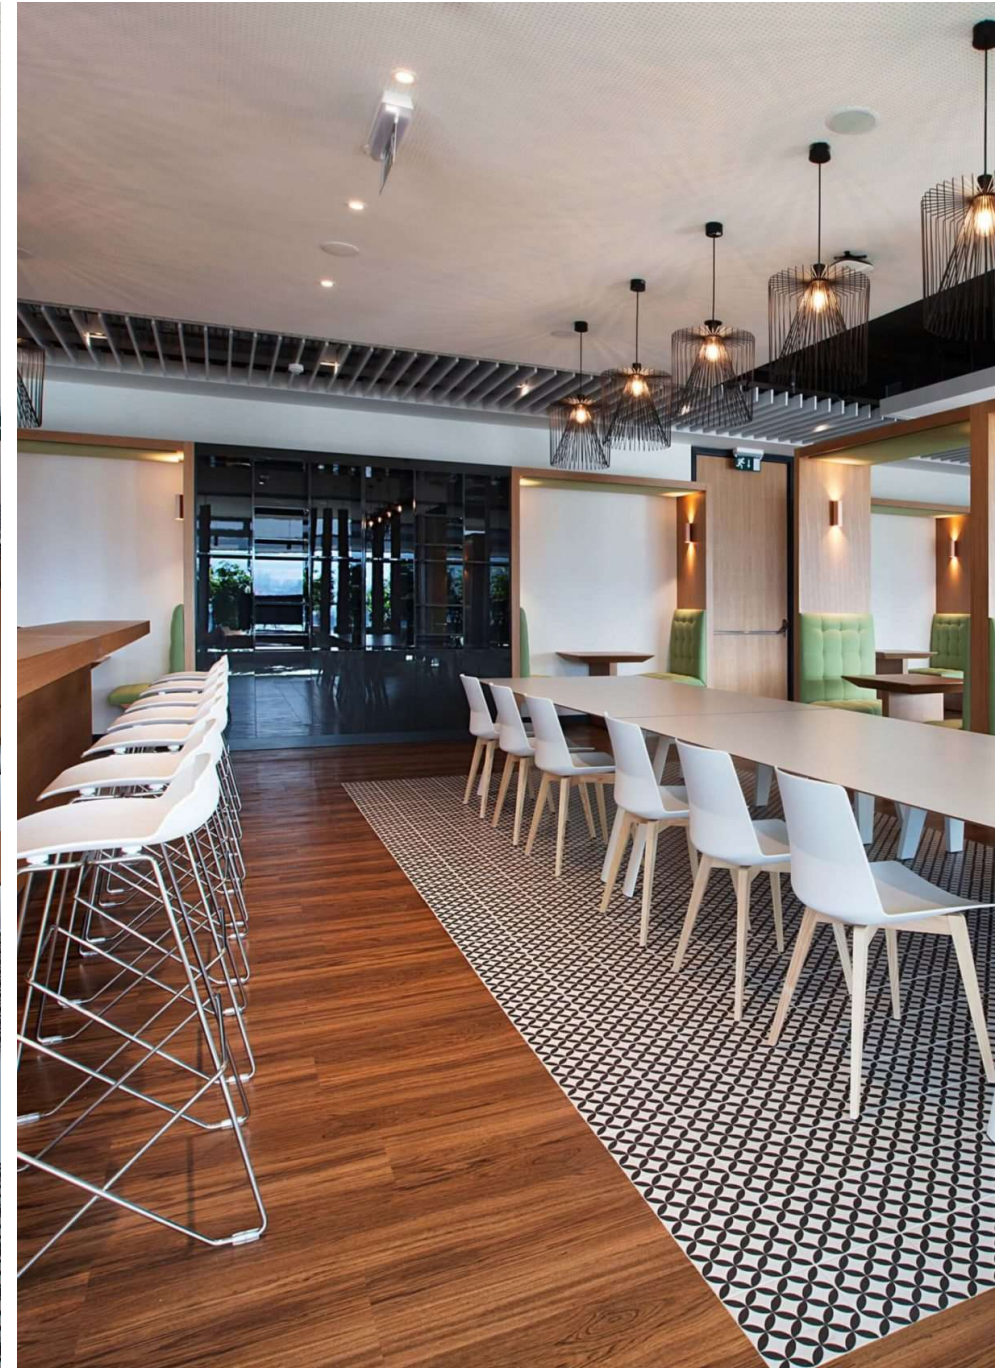

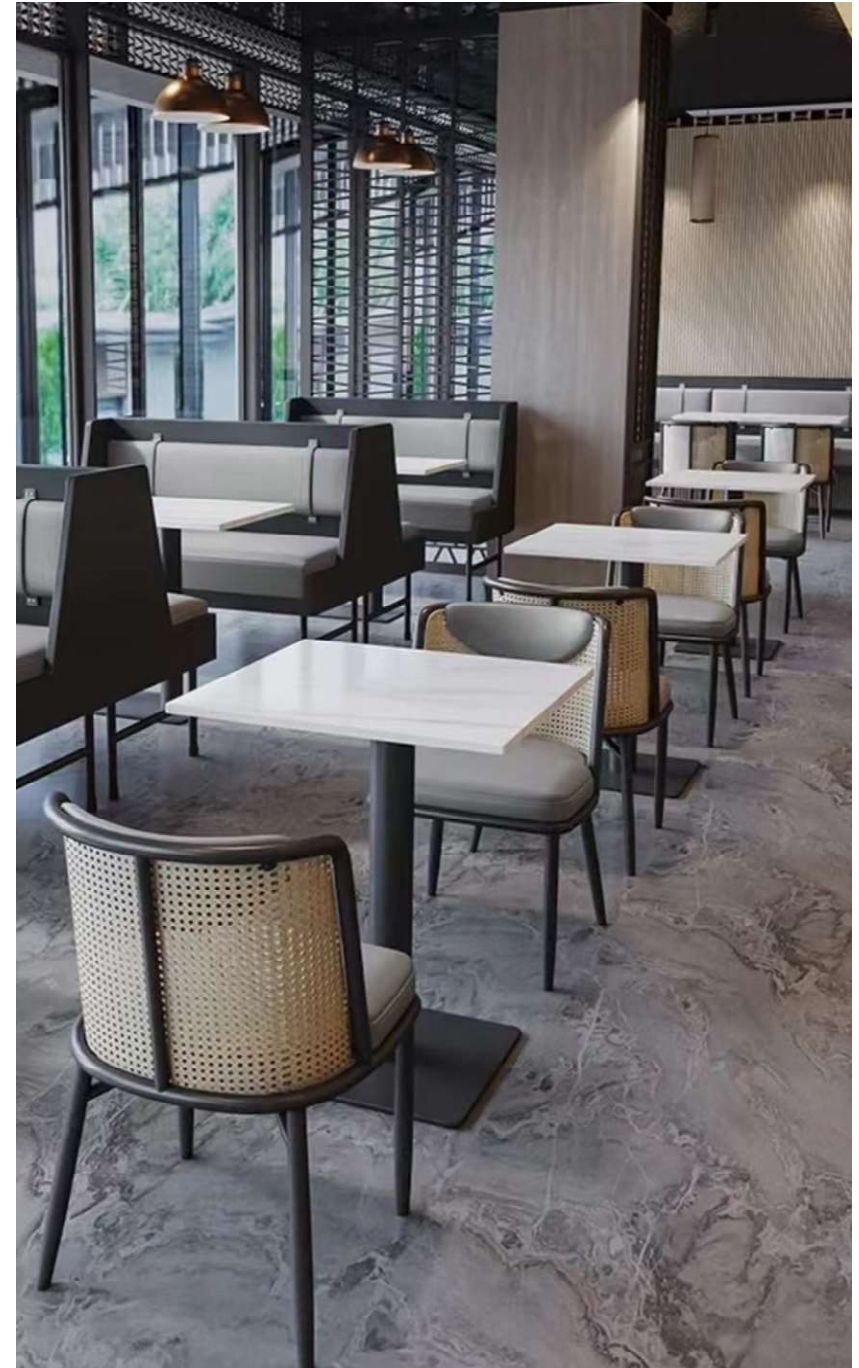

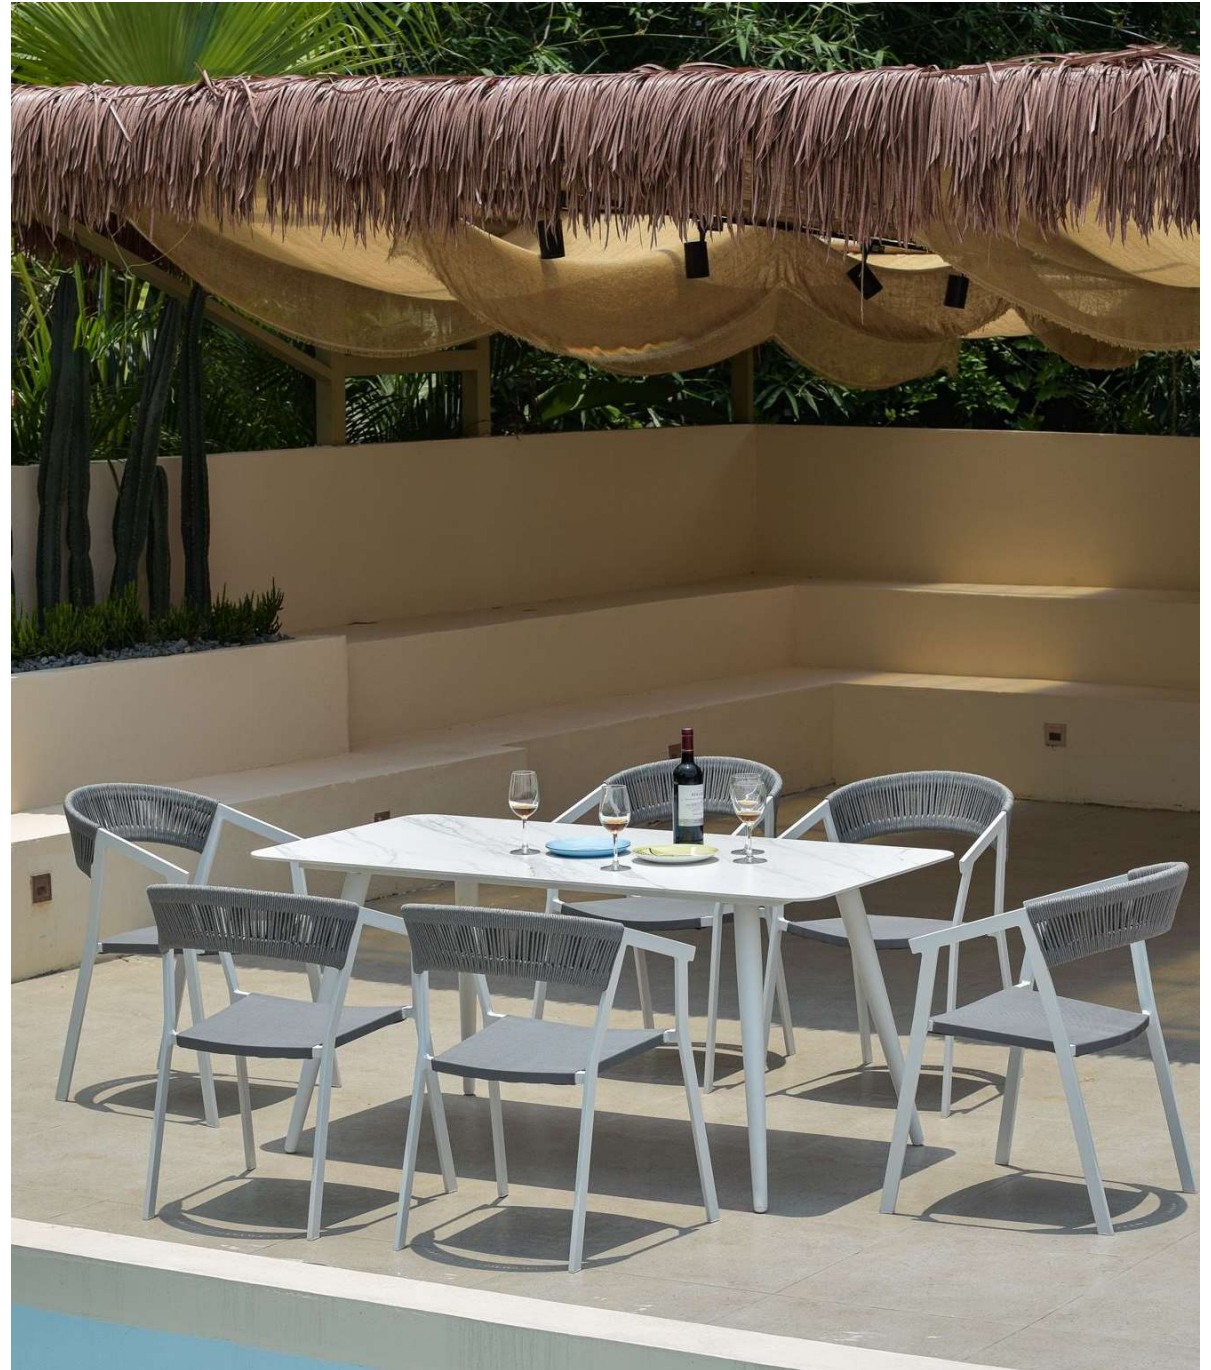

VALUE RANGE COLLECTION

Smart silhouettes and efficient design come together in versatile settings that balance comfort, style, and affordability

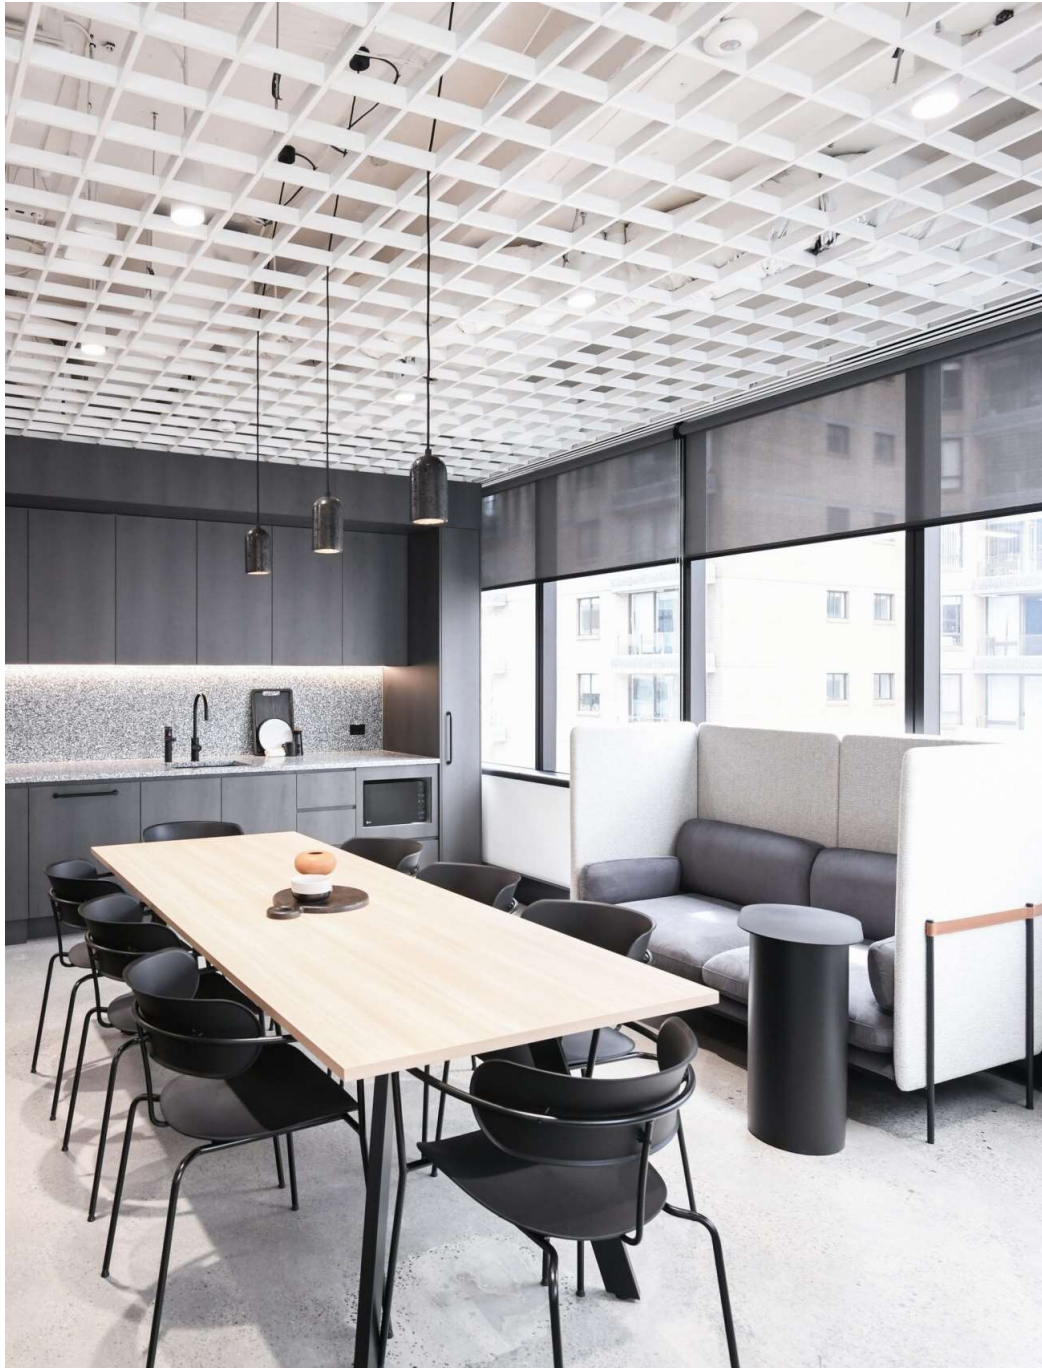

BESPOKE HOSPITALITY SOLUTIONS

Our custom furniture solutions extend beyond standard collections. Through local joinery partnerships, we create bespoke pieces tailored to your unique hospitality vision - from custom banquettes to tables, chairs, and barstools

At Mövenpick Resort in Al Marjan, we reupholstered and repurposed sofas while supplying new chairs, barstools, and coffee tables, creating refreshed spaces that maintained the property's distinctive character

For 'Tandoor Tina' restaurant in 25 Hours Hotel, we customized loose furniture according to the client's specific requirements, delivering a distinctive, brand-aligned solution

At Huna in Yas Mall Abu Dhabi, we customized furniture to match the design's look and feel, creating a cohesive and inviting environment for both dining and working

PROJECT SERVICE LEVEL AGREEMENT

At ChelseaGREEN, we partner with our clients, share our experience, and provide furniture for stimulating, people-centred workspaces. We believe in providing end-to-end solutions to our clients, which ensures design symmetry and business convenience.

We are providing a full and complete service from point of order to installed goods. We will assess the readiness of the structure in line with our shipping time expectations to best estimate the delivery date to site and time the project delivery accordingly.

Once installation is complete, we shall visit every user and train them on the best posture and working practices to maximize their comfort at work. This is done during working hours by our in-house ergonomic specialists.

We commit to our clients that we shall visit the completed project a minimum of once every 6 months at no charge to the customer to audit the furniture installed. The team will do this after office hours or at the client's convenience. For damage and wear-and-tear. We will carry out any preventative maintenance needed to maintain the perfect working order of all items.

We will also use this opportunity to re-educate the staff on the correct posture and methods for utilizing the products supplied as a health tool. This activity will be free of charge for 3 years from date of installation.

Wherever a warranty issue or defect is present, and if the product is within the warranty period, ChelseaGREEN will work with the manufacturer to provide replacement products or parts as soon as possible at no charge to the client.

Our ongoing mission is to maintain great relationships and share our passion for health & wellbeing of our clients.
